PRESIDENT'S MESSAGE

Happy New Year.

As we start the new year, and the second half of the ASHRAE year, I thought it would be appropriate to remind everyone of our upcoming technical conference.

On Friday February 8th we are hosting our 5th annual technical conference. This is an all day event that will be very educational. We are honored to have a list of excellent topics and presenters, highlighted by our keynote speaker, Society President, Kent Peterson.

This event is also used as a chapter tool to raise money for ASHRAE research. All proceeds from the event will be turned over to society research.

Please inform your colleagues, customers, suppliers, subcontractors, co-workers, and employers about this exciting learning opportunity.

A sign up form with the final list of topics and speakers will be e-mailed out in the next two weeks.

I hope to see you all there.

Xenon Long

PROGRAMS

WHERE: Idaho Power Building
1222 Main St., Boise, ID

WHEN: Friday, January 11th, 2008
11:45—1:00 p.m.

Speaker: Jim Tarala—Huntair

Discussion Topic: Jim will be presenting fan wall technology. Fan Wall Technology is made possible by the development of a new line of high efficiency fans. Through this development designers and owners get the advantage of greater flexibility in unit sizing, smaller fan sections, redundancy, less vibration, and lower noise at critical frequencies.

ASHRAE RESEARCH

We would like to ask for your support for ASHRAE Research and Promotions. If at all possible we would appreciate any donations that you can make to help out with ASHRAE research and promotions. With these donations ASHRAE continues to sponsor industry related research projects, develop meaningful continuing education programs, endow undergraduate engineering scholarships, provide updating of standards and handbooks, and produce a variety of publications and industry resource materials.

I would like to thank you in advance for your support.

If you would like to make a donation you can mail it to me at:

Cameron Sprinkel
Research & Promotions Chair
Midgley-Huber, Inc.
5766 W. Albatross St.
Boise, ID 83705
208-362-1670

Make checks payable to: ASHRAE Research and Promotions.

I appreciate everyone's help and support.

Cameron Sprinkel
